

REQ-106 - EVIDENCE REQUEST

Uitbreiding Haci Bayram Moskee

CONCEPT REVIEW - FINAL GENERATION BLOCKED

Parking field counts and use-right evidence

Priority: 6 | Responsible: Traffic consultant

REQUESTED EVIDENCE

Time-stamped counts, public/private classification and written use agreements for shared parking.

ACCEPTANCE CRITERIA

1. Counts cover representative Friday, evening and peak-event periods.
2. Survey method, weather, event and observation times are documented.
3. Every counted area is classified public, private or shared.
4. Private/shared capacity is supported by written permission where relied upon.

SUBMISSION CONTROL

- Provide original files, not screenshots or summaries.
- Include professional_verification.json completed by the responsible reviewer.
- Phoenix calculates SHA-256 during evidence intake.
- Acceptance unlocks only the listed downstream modules.
