

REQ-108 - EVIDENCE REQUEST

Uitbreiding Haci Bayram Moskee

CONCEPT REVIEW - FINAL GENERATION BLOCKED

AERIUS construction and operational activity data

Priority: 8 | Responsible: Structural/build-method advisor and traffic consultant

REQUESTED EVIDENCE

Construction duration, equipment, fuel, transport, routes and operational traffic data in structured form.

ACCEPTANCE CRITERIA

1. Construction phases and durations are listed.
2. Equipment type, power, hours and fuel are quantified.
3. Construction transports and routes are quantified.
4. Operational vehicle movements and vehicle classes are quantified.
5. Structural/build-method and traffic advisors verify their respective inputs.

SUBMISSION CONTROL

- Provide original files, not screenshots or summaries.
- Include professional_verification.json completed by the responsible reviewer.
- Phoenix calculates SHA-256 during evidence intake.
- Acceptance unlocks only the listed downstream modules.
